Rules and the guidelines for the applicants

- Applicants should be wearing an appropriate dress (consider this as an international and offline competition)
- Applicants should not read their scripts but present as they would present before an actual audience.
- Applicants must keep the speech time (should not be less than 5 min or more than 10 min)
- All the speeches must be done in their native languages and should add English captions on the video before submitting the final work
- All the speeches should be originally created by the applicants (plagiarism is strictly prohibited)
- The speech contests must be relevant to the topic. Irrelevant contest would be negatively impact on applicants during the evaluation.
